Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of the West Palm Beach Downtown Development Authority as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the West Palm Beach Downtown Development Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the West Palm Beach Downtown Development Authority as of September 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 7, the budgetary comparison information on pages 27 through 29, and the other postemployment benefit information on page 30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the West Palm Beach Downtown Development Authority's basic financial statements. The other information section is presented for compliance with Section 218.39(3)(c), Florida Statutes and is not a required part of the basic financial statements.

The other information section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 6, 2022, on our consideration of the West Palm Beach Downtown Development Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the West Palm Beach Downtown Development Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the West Palm Beach Downtown Development Authority's internal control over financial reporting and compliance.

Nowlen, Holt & Mimer, PA

MANAGEMENT'S DISCUSSION AND ANALYSIS

Acting in our capacity as the management of the West Palm Beach Downtown Development Authority ("DDA"), we offer readers of the DDA's financial statements this narrative overview and analysis of the financial activities of the DDA for the fiscal year ended September 30, 2021.

The information contained within this Management's Discussion and Analysis (MD&A) is only one component of the entire financial statement report. Readers should take time to read and evaluate all sections of the report, including the footnotes and the other Required Supplementary Information that is provided in addition to this MD&A.

Financial Highlights

- The assets plus deferred outflows of resources of the DDA exceeded its liabilities plus deferred inflows of resources at the close of the most recent fiscal year by \$4,569,088 (*net position*). Of this amount, \$660,021 (*unrestricted net position*) may be used to meet the DDA's ongoing obligations.
- As of the close of the current fiscal year, the General Fund reported ending fund balance of \$4,288,189, an increase of \$677,520 for the year. Approximately 84% of this fund balance is restricted and is to be used for specific projects pursuant to an Interlocal Agreement with West Palm Beach and its Community Redevelopment Agency (the "CRA"). Of the remaining amount less than 1% is nonspendable, 8% is assigned for subsequent year's expenditures, and 6% is unassigned and available for spending.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the DDA's basic financial statements. The basic financial statements of the DDA comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains required supplementary information in addition to the basic financial statements.

Government-wide financial statements: The *government-wide financial statements* are designed to provide readers with a broad overview of the DDA's finances, in a manner similar to a private-sector business.

The *statement of net position* (page 8) presents information on all of the DDA's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the DDA is improving or deteriorating.

The *statement of activities* (page 9) presents information showing how the DDA's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flow*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation time).

The government-wide financial statements present functions of the DDA that are primarily supported by ad valorem property tax revenues and operating grants and contributions revenue. The governmental activities of the DDA include general government and various downtown improvement projects. The DDA has no business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges.

Fund financial statements: A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The DDA, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The DDA has one fund category: governmental funds.

Governmental funds: *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*,

as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the DDA's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance provide a reconciliation to the corresponding government-wide financial statement to facilitate this comparison between the two. The DDA's only governmental fund is the General Fund.

The basic General Fund financial statements can be found on pages 10 and 12 of this report. The reconciliations between the General Fund financial statements and the government-wide financial statements can be found on pages 11 and 13.

Notes to the financial statements: The notes begin on page 14 and provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information: In addition to the basic financial statements and accompanying notes, this report also presents certain other *required supplementary information*. This includes the budget to actual results for the General Fund for the current year and a schedule of other postemployment benefits information which is presented immediately after the basic financial statements on pages 27 through 30.

Government-Wide Financial Analysis

Net position: The table below is a summary of the Statement of Net Position at September 30, 2021 and 2020.

**West Palm Beach Downtown Development Authority
Statement of Net Position – Governmental Activities
September 30, 2021 and 2020**

	2021	2020
ASSETS		
Current and other assets	\$ 4,515,342	\$ 3,665,831
Capital assets, net	328,164	355,275
Total assets	4,843,506	4,021,106
 DEFERRED OUTFLOWS OF RESOURCES	 19,210	 10,603
LIABILITIES		
Noncurrent liabilities outstanding	48,271	62,386
Other liabilities	227,153	55,162
Total liabilities	275,424	117,548
 DEFERRED INFLOWS OF RESOURCES	 18,204	 3,695
NET POSITION		
Investment in capital assets	328,164	355,275
Restricted	3,580,903	2,963,584
Unrestricted	660,021	591,607
Total net position	\$ 4,569,088	\$ 3,910,466

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the DDA, assets plus deferred outflows of resources exceeded liabilities plus deferred inflows of resources by 4,569,088 at the close of the most recent fiscal year. At September 30, 2021, approximately 15% of the DDA’s net position is unrestricted and may be used to meet the DDA’s ongoing obligations to the business community and creditors. An additional 78% of net position is restricted for CRA and other West Palm Beach projects. The remaining 7% reflects the DDA’s investment in capital assets.

Change in Net Position: The table below is a comparative summary of the changes in net position for the fiscal years ended September 30, 2021 and 2020:

**West Palm Beach Downtown Development Authority
Statement of Activities – Governmental Activities
For the Fiscal Years Ended September 30, 2021 and 2020**

	2021	2020
REVENUES		
Program revenues:		
Charges for services	\$ 3,568	\$ 1,754
Operating grants and contributions	4,779,413	4,711,034
General revenues		
Property taxes	2,305,741	2,253,631
Investment income	402	1,629
Total revenues	7,089,124	6,968,048
EXPENSES		
Economic environment		
Administrative	3,400,100	3,392,956
Marketing and public relations	579,813	537,927
Business development	470,311	615,441
Public realm maintenance	1,085,073	779,192
Neighborhood services	895,205	1,109,819
Total expenses	6,430,502	6,435,335
Change in net position	658,622	532,713
Net position, beginning of year	3,910,466	3,377,753
Net position, end of year	\$ 4,569,088	\$ 3,910,466

The DDA’s net position increased \$658,622 in 2021. Total revenues increased approximately \$121,000 in 2021. This was primarily the result of an increase in tax revenues of approximately \$52,000 due to increased property valuations and an increase in operating contributions and grants revenue from the CRA of \$68,000. Total expenses decreased by approximately \$5,000 or 0.08%. This is primarily the result of an increase in administrative expenses by approximately \$7,000 which is primarily due to the increase in the CRA tax increment, an increase in marketing and public relations by approximately \$42,000 due to a redesign of the DDA’s website, and an increase in public realm maintenance due to the reopening of business which were offset by a decrease in business development expenses of approximately \$145,000 due to decreased business incentives and various normal operating costs and a decrease in neighborhood services of approximately \$215,000 due to a decrease in events and trolley runs.

Financial Analysis of the General Fund

General Fund: The purpose of the DDA’s General Fund financial statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the DDA’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources

available for spending at the end of the fiscal year. At September 30, 2021, the DDA's General Fund reported ending fund balance of \$4,288,189, an increase of \$677,520 for 2021. Approximately 6% of this amount is unassigned fund balance, which is available for spending at the DDA's discretion. The remainder consists of less than 1% that is nonspendable for prepaid items, 84% that is restricted for CRA and other West Palm Beach projects, and 8% that is assigned for the 2021/2022 budget. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 4% of total General Fund expenditures, while total fund balance represents approximately 67% of that same amount.

General Fund Budgetary Highlights

The annual General Fund budget is adopted after two public hearings and approval by the DDA's Board. Any amendments that would exceed the original budget at the fund level or would require funds to be transferred from reserves would require a formal budget amendment by the Board. A budget increase in the amount of \$1,298,331 was approved during 2021, which is mainly a result of obtaining final figures from the CRA regarding the DDA's current year workplan.

Revenues for 2021 were over budget by approximately \$24,000, excluding the General Fund carryforward fund balance. This was primarily the result of positive variances in property taxes. Expenditures were under budget by approximately \$4,031,000, of which the following are considered noteworthy: (1) Professional services expenditures were under budget by approximately \$124,000 due COVID related slowdown in business and development overall, (2) general office expenditures were under budget by approximately \$86,000 due to DDA staff working remotely during COVID, (3) marketing and public relations expenditures were under budget by approximately \$1,304,000 due to events and promotions being curtailed due to COVID, (4) business development was under budget by approximately \$721,000 due to businesses closing due to COVID, (5) public realm maintenance expenditures were under budget by approximately \$423,000 due the lack on foot traffic in the downtown during COVID, (6) neighborhood services expenditures, including the trolley, were under budget by approximately \$947,000 due to there being no events and reduced trolley running times due to COVID.

Capital Assets

The DDA's investment in capital assets as of September 30, 2021, amounts to \$328,164 (net of accumulated depreciation). This investment in capital assets includes leasehold improvements, equipment, and furniture and fixtures. The net decrease in the DDA's investment in capital assets for the current fiscal year was \$27,111, which was comprised of capital asset additions of \$33,223, net of depreciation expense of \$60,334. The details of capital assets can be found in Note C to the financial statements.

Debt Administration

The DDA has no debt outstanding at September 30, 2021.

Next Year's Budget

For fiscal year 2022, the DDA adopted a final General Fund budget of \$8,547,000 representing an increase of approximately 3% from the fiscal year 2021 final budget.

Economic Factors and Rates

The DDA has a stable property tax base. Property taxes represent approximately 32% of the 2021 budgeted revenues of the DDA (excluding carryforward fund balance), and CRA funding represents approximately 68% of budgeted revenues. The balance of the projected revenues comes from various miscellaneous sources.

Requests for Information

This financial report is designed to provide a general overview of the DDA's finances for all those with an interest in the DDA's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the DDA's Executive Director at 300 Clematis Street, Suite 200, West Palm Beach, FL 33401.

IN FUND BALANCE OF THE GENERAL FUND TO THE STATEMENT OF ACTIVITIES

For the Fiscal Year Ended September 30, 2021

Net change in fund balance - General Fund	\$ 677,520
---	------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for capital assets	33,223
Less: current year depreciation	(60,334)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the General Fund.

Change in compensated absences payable	10,268
Change in total other postemployment benefits liability and related deferred amounts	<u>(2,055)</u>

Change in net position of governmental activities	<u><u>\$ 658,622</u></u>
---	--------------------------

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity: The West Palm Beach Downtown Development Authority (the “DDA”) was established by a special act of the Florida Legislature in House Bill 1029, regular session 1967, effective June 8, 1967. The purpose of the DDA is to develop and revitalize the downtown area of the City of West Palm Beach, Florida (the “City”). The DDA’s services are rendered wholly within the boundaries of the DDA, and its activities and transactions are intended to benefit the DDA by returning improved property to the City’s tax rolls, enhancing the business and cultural environment of the downtown area and providing employment to its citizens.

The DDA has the power to levy taxes on property owners within the designated downtown development area. The DDA’s property tax levy and the levies of the City are independent of each other and are related only by the fact that they are levied against a common tax base within the DDA’s geographic boundaries.

The Board of Directors of the DDA is appointed by the City’s mayor, but there is no significant continuing relationship between the City and the DDA for carrying out day-to-day functions of the DDA. The management of the DDA is selected by its Board of Directors and the operation of the DDA is the exclusive responsibility of such management. Moreover, the City is under no obligation to fund operating deficits of the DDA, has not guaranteed and has no moral responsibility for any debt of the DDA, does not provide financial resources, or otherwise exercise significant influence over the DDA’s operations.

As required by generally accepted accounting principles, these financial statements include the DDA (the primary government) and its component units. Component units are legally separate entities for which the DDA is financially accountable. The DDA is financially accountable if:

- a) the DDA appoints a voting majority of the organization’s governing board and (1) the DDA is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the DDA, or
- b) the organization is fiscally dependent on the DDA and (1) there is a potential for the organization to provide specific financial benefits to the DDA or (2) impose specific financial burdens on the DDA.

Organizations for which the DDA is not financially accountable are also included when doing so is necessary in order to prevent the DDA’s financial statements from being misleading.

Based upon application of the above criteria, management of the DDA has determined that no component units exist which would require inclusion in this report. Further, the DDA is not aware of any entity that would consider the DDA to be a component unit.

Government-wide Financial Statements: The government-wide financial statements consist of the Statement of Net Position and the Statement of Activities and report information on all governmental activities of the DDA. The DDA has no *business-type activities*. The Statement of Net Position presents the financial condition of the DDA, including all long-term assets and long-term liabilities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or identifiable activity is offset by program revenue. *Direct expenses* are those that are clearly identifiable with a specific function or identifiable activity. *Program revenue* generally includes three categories of transactions: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment; (2) operating grants and contributions; and (3) capital grants and contributions. Ad valorem property tax

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE A – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide Financial Statements (Continued)

revenue and other items not meeting the definition of program revenue are reported as *general revenues*. The DDA does not allocate indirect expenses.

Fund Financial Statements: The underlying accounting system of the DDA is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue and expenditures or expenses, as appropriate.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The fund used by the DDA is classified into one category: *governmental*.

Governmental Fund Financial Statements – Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenue, Expenditures and Changes in Fund Balance for the General Fund, the DDA's only governmental fund. An accompanying schedule is presented to reconcile and explain the differences in fund balance and changes in fund balance as presented in these statements, to the net position and changes in net position presented in the government-wide financial statements. The DDA's major governmental fund is as follows:

General Fund – This fund is used to account for all operations of the DDA. Revenue is derived primarily from property taxes and intergovernmental revenue received from the West Palm Beach Community Redevelopment Agency (the "CRA").

Measurement Focus and Basis of Accounting: The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under the modified accrual basis of accounting, revenues are recognized in the period in which they become both measurable and available. Revenues are considered to be available when collectible within the current period or soon enough thereafter to pay liabilities of the current period. The DDA considers revenues to be available if collected within 60 days after the end of the fiscal year. Expenditures are generally recognized in the accounting period in which the fund liability is incurred. Ad valorem property tax revenue, intergovernmental revenue, and investment income are all considered susceptible to accrual and have been recognized as revenues in the current fiscal year. All other revenue items are considered to be measurable and available only when received in cash by the DDA.

When both restricted and unrestricted resources are available for use, it is the DDA's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash and Cash Equivalents: The DDA considers highly liquid investments maturing in three months or less when purchased to be cash equivalents.

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE A – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments: Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available; for others, it might not be available. However, the objective of fair value measurement in both cases is the same, that is, to determine the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions. Fair value is an exit price at the measurement date from the perspective of a market participant that controls the asset or is obligated for the liability. The DDA categorizes investments reported at fair value in accordance with the fair value hierarchy established by GASB Statement No. 72, *Fair Value Measurement and Application*.

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. In the governmental funds, prepaid items are recorded using the consumption method and are offset by the nonspendable fund balance component which indicates they do not constitute available spendable resources, even though they are a component of current assets.

Capital Assets: The DDA has reported all capital assets in the government-wide Statement of Net Position. Capital assets are defined by the DDA as assets with an initial, individual cost of more than \$1,500 and an estimated useful life in excess of one year. Capital assets are recorded at cost or, if donated, acquisition value at the date of donation. Expenditures that materially extend the useful life of existing assets are capitalized. Certain costs for professional services associated with the acquisition and construction of capital assets have been capitalized. The cost of capital assets sold or retired is removed from the appropriate accounts and any resulting gain or loss is included in the change in net position. Depreciation is computed on capital assets using the straight-line method over the assets' estimated useful lives. The estimated useful life of equipment, furniture and fixtures is three to ten years. Leasehold improvements are being amortized over the ten-year life of the corresponding lease.

Compensated Absences: The DDA allows employees to accrue sick leave and carry over unused time to future years. Unused sick leave is not paid out upon termination and, accordingly, no liability is accrued for sick leave. Vacation time is earned on a calendar year basis, but must be used by January 31st of the following year or it is lost. Accrued vacation at September 30, 2021, represents the amount of vacation that has been earned, but not used, as of that date.

Deferred Outflows/Inflows of Resources: In addition to assets and liabilities, the government-wide Statement of Net Position reports a separate section for deferred outflows or deferred inflows of resources. The separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The deferred outflows of resources related to OPEB results from changes in assumptions and other inputs and are deferred and amortized to OPEB expense in a systematic and rational manner over a period equal to the average expected remaining service lives of employees that are provided with benefits through the plan.

The separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenues) until that time. The DDA's deferred inflows reported on the government-wide Statement of Net Position relate to its other postemployment benefits (OPEB) liability. The deferred inflows of resources related to OPEB results from differences between expected and actual experience and changes in assumptions and are deferred and amortized to OPEB expense in a systematic and rational manner over a period equal to the average expected remaining service lives of employees that are provided with benefits through the plan.

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE A – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property Taxes: Ad valorem property tax revenues are calculated at 95% of the taxable value of property within the DDA's taxing boundaries as certified by the Palm Beach County Property Appraiser. The DDA may levy ad valorem taxes on such property at a maximum rate of two mills (\$2.00 per \$1,000 of taxable value) for operating purposes. Actual collections may differ from property taxes levied due to discounts, tax assessment appeals and corrections made subsequent to July 1.

All property is assessed at its fair market value on January 1st of each year by the Palm Beach County Property Appraiser. Taxes are levied on November 1st of each year and unpaid taxes become delinquent on April 1st following the year in which they are levied. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. Taxes paid in March are without discount. Taxes paid after April 1 are assessed penalties and interest.

Budget: The DDA's Board of Directors adopts the ensuing year's operating budget prior to September 30th each year. The budget includes proposed expenditures and the means of financing them. Budgets are adopted on a basis consistent with the modified accrual basis of accounting.

Risk Management: The DDA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The DDA purchases commercial insurance for the risks of losses to which it is exposed. Policy limits and deductibles are reviewed annually by management and established at amounts to provide reasonable protection from significant financial loss. Settlements have not exceeded insurance coverage for any of the prior three fiscal years.

Net Position/Fund Balances: The government-wide financial statements utilize a net position presentation. Net position is categorized as follows:

Investment in Capital Assets – This component of net position consists of capital assets reduced by accumulated depreciation and by any outstanding liabilities incurred to acquire, construct, or improve those assets, excluding unexpended proceeds.

Restricted – This component of net position consists of constraints placed on the use of net position by external restrictions imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of net position consists of net position that does not meet the definition of *Investment in Capital Assets* or *Restricted*.

The governmental fund financial statements report fund equity classifications that comprise a hierarchy based primarily on the extent to which the DDA is legally bound to honor the specific purposes for which amounts in fund balance may be spent. The fund balance classifications are summarized as follows:

Nonspendable – Nonspendable fund balance includes amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to remain intact.

Restricted – Restricted fund balance includes amounts that are restricted to specific purposes either by (a) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or through enabling legislation.

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE A – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Position/Fund Balances (Continued)

Committed – Committed fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by the Board of Directors through an ordinance or resolution.

Assigned – Assigned fund balance includes amounts that are constrained by the DDA’s intent to be used for specific purposes, but are neither restricted nor committed. Assignments of fund balance are made by DDA management based upon direction by the Board of Directors or through the annual budget.

Unassigned – Unassigned fund balance includes amounts that have not been restricted, committed, or assigned to specific purposes.

The fund balance policy also establishes a spending order when a qualifying expenditure is incurred for which those funds are available, of restricted fund balances first, followed by committed, then assigned, and finally unassigned fund balances.

Minimum Fund Balance Policy: The DDA has not adopted a formal minimum fund balance policy. Generally, the DDA strives to maintain a sufficient General Fund fund balance to provide liquidity in the event of a budget shortfall or natural disaster.

Implementation of GASB Statements: The following GASB Statements were effective for the DDA for the fiscal year ended September 30, 2021:

GASB Statement No. 84, *Fiduciary Activities*. This Statement will improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The general employees’ retirement plan and trust was not considered a fiduciary activity under the standard and was not reported for the fiscal year ended September 30, 2021.

GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The requirements of this Statement will result in more consistent financial reporting of defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans, while mitigating the costs associated with reporting those plans. The DDA implemented the provisions of this statement related to GASB Statements No. 14 and No. 84 in the current fiscal year.

GASB Statement No. 98, *The Annual Comprehensive Financial Report*. This Statement establishes the term *annual comprehensive financial report* and its acronym *ACFR*. That new term and acronym replace instances of *comprehensive annual financial report* and its acronym in generally accepted accounting principles for state and local governments.

Recent GASB Pronouncements: The GASB has issued the following Statements effective in future years that may apply to the DDA. Management has not completed its analysis of the effects, if any, of these GASB Statements on the financial statements of the DDA:

GASB Statement No. 87, *Leases*. This Statement will increase the usefulness of governments’ financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTE A – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent GASB Pronouncements (Continued)

establishes a single model for lease accounting that is based on the foundational principle that leases are financings of the right to use an underlying asset. This Statement is effective for the fiscal year ending September 30, 2022.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This Statement will enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and simplify accounting for interest cost incurred before the end of a construction period. This Statement is effective for the fiscal year ending September 30, 2022.

GASB Statement No. 91, *Conduit Debt Obligation*. This Statement will provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures. This Statement is effective for the fiscal year ending September 30, 2023.

GASB Statement No. 92, *Omnibus 2020*. This Statement will enhance comparability in accounting and financial reporting and improve the consistency of authoritative literature by addressing practice issues that have been identified during the implementation and application of certain GASB Statements. This Statement addresses a variety of topics. The requirements of this Statement related to the effective date of Statement No. 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance. The remaining requirements are effective for the fiscal year ending September 30, 2022.

GASB Statement No. 93, *Replacement of Interbank Offered Rates*. This Statement will enhance comparability in the application of accounting and financial reporting requirements and will improve the consistency of authoritative literature by addressing the accounting and financial reporting implications that result from the replacement of an Interbank Offered Rate (IBOR) for agreements in which variable payments made or received depend on an IBOR. The requirements of this Statement related to the removal of LIBOR as an appropriate benchmark interest rate are effective for the fiscal year ending September 30, 2022.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. This Statement will improve financial reporting by establishing the definitions of public-private and public-public partnership arrangements (PPPs) and availability payment arrangements (APAs) and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions. This Statement is effective for the fiscal year ending September 30, 2023.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement is effective for the fiscal year ending September 30, 2023.

GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The requirements of this Statement will result in more consistent financial reporting of defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans, while mitigating the costs associated with reporting those plans. The sections of the statement related to Section 457 deferred compensation plans is effective for the fiscal year ending September 30, 2022.

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE A – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

NOTE B – DEPOSITS AND INVESTMENTS

Deposits: The deposits with financial institutions were entirely covered by a combination of federal deposit insurance and a collateral pool pledged to the State Treasurer of Florida by financial institutions, which comply with the requirements of Florida Statutes and have been designated as a qualified public depository by the State Treasurer. Qualified public depositories are required to pledge collateral to the State Treasurer with a fair value equal to a percentage of the average daily balance of all government deposits in excess of any federal deposit insurance. In the event of a default by a qualified public depository, all claims for government deposits would be satisfied by the State Treasurer from the proceeds of federal deposit insurance, pledged collateral of the public depository in default and, if necessary, a pro rata assessment to the other qualified public depositories in the collateral pool. Accordingly, all deposits with financial institutions are considered fully insured in accordance with the provisions of Governmental Accounting Standards Board Statements. As of September 30, 2021, deposits with financial institutions had a bank balance of \$4,744,107 and a carrying amount of \$4,408,084. The DDA also had \$50 in petty cash for a total carrying amount of \$4,408,134.

Investments: The DDA has not formally adopted deposit and investment policies that limit its allowable deposits or investments and address the specific types of risk to which it is exposed. In the absence of such policies, the DDA follows the provisions of Florida Statutes Section 218.415 with respect to public deposits, which limits such deposits to qualified public depositories and investments in (1) the Local Government Surplus Funds Trust Fund (Florida Prime), or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, (2) SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency, (3) interest-bearing time deposits or savings accounts in qualified public depositories, and (4) direct obligations of the U.S. Treasury.

Fair Value of Investments: GASB Statement No. 72, *Fair Value Measurement and Application*, requires governments to disclose the fair value hierarchy for each type of asset or liability measured at fair value in the notes to the financial statements. The standard also requires governments to disclose a description of the valuation techniques used in the fair value measurement and any significant changes in valuation techniques. GASB 72 establishes a three-tier fair value hierarchy. The level in which an asset is assigned is not indicative of its quality but an indication of the source of valuation inputs. The hierarchy is based on valuation inputs used to measure the fair value as follows:

Level 1: Inputs are directly observable, quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs are other than quoted prices included within Level 1 that are for the asset or liability, either directly or indirectly. These inputs are derived from or corroborated by observable market data through correlation or by other means.

Level 3: Inputs are unobservable inputs used only when relevant Level 1 and Level 2 inputs are unavailable.

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE B – DEPOSITS AND INVESTMENTS

Investment Risks: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the time to maturity, the greater the exposure to interest rate risk. The DDA does not have a formal investment policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates. However, the DDA does not have any investments subject to interest rate risk. Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. The DDA's investment policies limit its investments to high quality investments to control credit risk. Custodial credit risk is the risk that, in the event of the failure of the counterparty, the DDA will not be able to recover the value of its investments that are in the possession of an outside party. Concentration of credit risk is defined as the risk of loss attributed to the magnitude of an investment in a single issuer. The DDA has no specific policy for concentration of credit risk. The DDA did not have any exposure to concentration of credit risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The DDA did not have any exposure to foreign currency risk.

NOTE C – CAPITAL ASSETS

The capital asset activity for the year ended September 30, 2021, was as follows:

<i>Governmental Activities</i>	Balance at Beginning of Year	Increases	Decreases	Balance at End of Year
Capital assets being depreciated				
Leasehold improvements	\$ 344,882	\$ -	\$ -	\$ 344,882
Equipment and fixtures	202,012	33,223	(35,312)	199,923
Total capital assets being depreciated	546,894	33,223	(35,312)	544,805
Less accumulated depreciation for				
Leasehold improvements	(93,784)	(36,303)	-	(130,087)
Equipment and fixtures	(97,835)	(24,031)	35,312	(86,554)
Total accumulated depreciation	(191,619)	(60,334)	35,312	(216,641)
Governmental activities capital assets, net	<u>\$ 355,275</u>	<u>\$ (27,111)</u>	<u>\$ -</u>	<u>\$ 328,164</u>

Depreciation expense was charged to functions/programs as follows:

<u><i>Governmental Activities</i></u>	
Economic environment	
Administrative	\$ 60,334

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE D – NONCURRENT LIABILITIES

The following is a summary of changes in the DDA’s noncurrent liabilities for the year ended September 30, 2021:

<u>Governmental Activities</u>	<u>Balance at Beginning of Year</u>	<u>Increases</u>	<u>Decreases</u>	<u>Balance at End of Year</u>	<u>Amounts Due Within One Year</u>
Compensated absences	\$ 27,460	\$ 39,973	\$ (50,241)	\$ 17,192	\$ 17,192
Other postemployment benefits liability	34,926	12,090	(15,937)	31,079	-
	<u>\$ 62,386</u>	<u>\$ 52,063</u>	<u>\$ (66,178)</u>	<u>\$ 48,271</u>	<u>\$ 17,192</u>

NOTE E – WEST PALM BEACH COMMUNITY REDEVELOPMENT AGENCY

The City established the West Palm Beach Community Redevelopment Agency (the “CRA”) pursuant to Florida Statutes. Under the terms of the enabling statute, each taxing authority not exempted by statute, which levies ad valorem taxes within the boundaries of the community redevelopment area established by the CRA, must allocate to the CRA a certain portion of tax revenue received from that area. The amount is determined by levying the millage rate established by the DDA against the increment between the assessed value of the community redevelopment area in the year established and the current tax year. Pursuant to an Interlocal Agreement between the DDA and CRA, the DDA is exempt from the requirement to pay the CRA the increment generated by the second mill of DDA ad valorem taxation. For the year ended September 30, 2021, the DDA paid \$2,103,786 to the CRA.

In addition, the CRA provided funding to the DDA pursuant to a workplan developed by the DDA. The workplan provided for CRA funding of various projects through fiscal year 2024. In connection with the workplan, the CRA paid \$4,774,557 to the DDA during the year ended September 30, 2021, representing approximately 67% of the DDA’s total revenues for the year.

NOTE F – COMMITMENTS AND CONTIGENCY

Operating Leases: The DDA leases office space and equipment under non-cancellable operating lease agreements. The DDA entered into an initial 10 year lease for new office space in May 2017 with lease payments commencing in March 2018. This lease is set to expire in February 2028 and may be renewed for three additional five-year terms. The leases for equipment expire through July 2024. Minimum rental payments totaled \$222,276 for the year ended September 30, 2021. The future minimum lease payments required under these leases at September 30, 2021, were as follows:

<u>Fiscal Year Ending September 30,</u>	<u>Amount</u>
2022	\$ 224,914
2023	122,634
2024	125,602
2025	126,096
2026	129,901
Thereafter	190,259
	<u>\$ 919,406</u>

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE F – COMMITMENTS AND CONTIGENCY

Interlocal Agreement Commitment: In March 2018, the DDA entered into an interlocal agreement with the City of West Palm Beach to assist in activating vacant retail space in the central business district of the City of West Palm Beach. Under the terms of the agreement, the DDA was provided funding to be used on project expenses stipulated in the interlocal agreement. The DDA received \$90,000 in 2018, \$28,000 in 2019, and \$26,500 in 2020 and incurred cumulative project expenses totaling approximately \$91,500 to date. At September 30, 2021, the outstanding project commitment totaled approximately \$53,000.

Litigation: The DDA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees, and natural disasters for which the DDA carries commercial insurance. Retention of risks is limited to those risks that are uninsurable and deductibles. The DDA has not significantly reduced insurance coverage from the prior year, and there were no settled claims which exceeded insurance coverage during the past three fiscal years.

Florida Statutes limit the DDA's maximum loss for most liability claims to \$200,000 per person and \$300,000 per occurrence under the Doctrine of Sovereign Immunity. However, under certain circumstances, a plaintiff can seek to recover damages in excess of statutory limits by introducing a claims bill to the Florida Legislature. The limits addressed in Florida Statutes do not apply to claims filed in Federal courts.

NOTE G – PENSION PLAN

The DDA has a defined contribution money purchase pension plan (the "Plan") that covers all employees. The Plan was established and may be amended by a majority vote of the Board of Directors of the DDA and is administered by certain members of the Board of Directors and management. Employees are eligible to participate in the Plan upon being hired, and full vesting is immediate. The DDA contributes 10% of each employee's gross compensation, and employees are required to contribute a minimum of 5% to the Plan. Actual contributions by the DDA and employees totaled \$66,105 and \$42,005, respectively, for the year ended September 30, 2021. There were 8 plan members participating in the Plan at September 30, 2021.

NOTE H – OTHER POSTEMPLOYMENT BENEFITS

General Information about the Other Postemployment Benefits (OPEB) Plan

Plan Description: The DDA provides a single employer defined benefit health care plan to all of its employees. The plan allows its employees and their beneficiaries to continue to obtain health benefits upon retirement. The benefits of the plan are in accordance with Florida Statutes, which are the legal authority for the plan. A trust has not been established to fund the plan. The plan has no assets and does not issue a separate financial report.

Contributions: The DDA does not directly make a contribution to the plan on behalf of retirees. Retirees and their beneficiaries pay the same group rates as are charged to the DDA for active employees by its healthcare provider. However, the DDA's actuaries in their actuarial valuation, calculate an offset to the cost of these benefits as an Employer Contribution, based upon an implicit rate subsidy. This offset equals the total age-adjusted costs paid by the DDA or its active employees for coverage of the retirees and their dependents for the year net of the retiree's own payments for the year.

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE H – OTHER POSTEMPLOYMENT BENEFITS (Continued)

General Information about the Other Postemployment Benefits (OPEB) Plan (Continued)

Plan Membership: The following table provides a summary of the participants in the plan as of October 1, 2020, the latest valuation date:

Active employees	8
Retirees and beneficiaries receiving benefits	-
Inactive employees not yet receiving benefits	-
Total	8

Total OPEB Liability

As of September 30, 2021, The DDA’s Total OPEB Liability of \$31,079 was measured as of September 30, 2021 and was determined by the actuarial valuation as of October 1, 2020.

Actuarial Methods and Significant Assumptions: The actuarial methods and significant assumptions used to determine the DDA’s total OPEB liability for the current year are summarized as follows:

Valuation Date	October 1, 2020
Measurement Date	September 30, 2021
Discount rate:	2.43% per annum; this rate was used to discount all future benefit payments and is based on the return on the S&P Municipal Bond 20-year High Grade Index as of the measurement date.
Salary increase:	3.00% per annum
Cost-of-living increases:	Retiree contributions, health insurance premiums, and the implied subsidy have been assumed to increase in accordance with the healthcare cost trend rates.
Healthcare cost trend rates:	Increases in healthcare costs are assumed to be 7.00% for the 2020/21 fiscal year graded down by 0.50% per year to 5.00% for the 2024/25 and later fiscal years.
Age-related morbidity:	Healthcare costs are assumed to increase at the rate of 3.50% for each year of age.
Implied subsidy:	An implied monthly subsidy of \$525.00 has been assumed at age 62 for the 2020/21 fiscal year; at other ages, the implied subsidy was developed based on the age-related morbidity assumption and, for other fiscal years, the implied subsidy was increased in accordance with the healthcare cost trend rates.
Mortality basis:	Sex-distinct rates set forth in the PUB-2010 Mortality Table (without income adjustments) for general employees, with full generational improvements in mortality using Scale MP-2020.
Retirement:	Retirement is assumed to occur at the earlier of age 62 with six years of service or any age with 30 years of service.
Other decrements:	Assumed employment termination is based on the Scale 155 table; assumed disability is based on the Wyatt 1985 Disability Study (Class 1).
Coverage elections:	25% of eligible employees are assumed to continue retiree-only medical coverage upon retirement or disability; coverage is assumed to end at age 65.
COBRA:	Future healthcare coverage provided solely pursuant to COBRA was not included in the OPEB valuation; because the COBRA premium is determined periodically based on plan experience, the COBRA premium to be paid by the participant is assumed to fully cover the cost of providing healthcare coverage during the relevant period.

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

NOTES TO FINANCIAL STATEMENTS

September 30, 2021

NOTE H – OTHER POSTEMPLOYMENT BENEFITS (Continued)

Total OPEB Liability (Continued)

Discount Rate: The DDA does not have a dedicated Trust to pay retiree healthcare benefits. Per GASB 75, the discount rate is a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As of September 30, 2021, the calculation used a rate of 2.43%.

Changes in the Total OPEB Liability

The changes in the Total OPEB Liability were as follows for the year ended September 30, 2021:

Balance as of September 30, 2020	\$	34,926
Changes for the Year:		
Service cost		1,106
Interest		875
Differences between expected and actual experience		10,109
Changes in assumptions and other inputs		(15,929)
Benefit payments and refunds		(8)
Net changes		<u>(3,847)</u>
Balance as of September 30, 2021	\$	<u>31,079</u>

Changes in Assumptions: All assumptions, methods, and results are based on the fiscal year 2021 GASB 75 actuarial report dated January 24, 2022. Since the prior measurement date of September 30, 2020, the discount rate was increased from 2.14% per annum to 2.43% per annum, the monthly implied subsidy at age 62 for the 2020/21 fiscal year was decreased from \$769.20 to \$525.00, and the mortality basis was changed from the PUB-2010 Mortality Table with generational improvements using Scale MP-2017 to the PUB-2010 Mortality Table with generational improvements using Scale MP-2020.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate: The following table presents the total OPEB liability of the DDA calculated using the current discount rate of 2.43%, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.43%) or one percentage point higher (3.43%) than the current rate:

	1% Decrease (1.43%)	Current Discount Rate (2.43%)	1% Increase (3.43%)
Total OPEB Liability	<u>\$ 37,544</u>	<u>\$ 31,079</u>	<u>\$ 26,114</u>

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

September 30, 2021

NOTE H – OTHER POSTEMPLOYMENT BENEFITS (Continued)

Changes in the Total OPEB Liability (Continued)

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates: The following table presents the total OPEB liability of the DDA calculated using the assumed healthcare cost trend rates (7.0% decreasing to 5.0%), as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (6.0% decreasing to 4.0%) or one percentage point higher (8% decreasing to 6.0%) than the assumed healthcare cost trend rates:

	1% Decrease (6.0% decreasing to 4.0%)	Healthcare cost Trend Rates (7.0% decreasing to 5.0%)	1% Increase (8.0% decreasing to 6.0%)
Total OPEB Liability	\$ 25,615	\$ 31,079	\$ 37,866

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2021, the DDA recognized OPEB expense of \$2,055. At September 30, 2021, the DDA reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 8,607	\$ 520
Changes of assumptions	10,603	17,684
Total	<u>\$ 19,210</u>	<u>\$ 18,204</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Fiscal Year Ending September 30,	Amount
2022	\$ 82
2023	82
2024	82
2025	82
2026	82
Thereafter	596
	<u>\$ 1,006</u>

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY

REQUIRED SUPPLEMENTARY INFORMATION (RSI)
NOTES TO BUDGETARY COMPARISON SCHEDULE

September 30, 2021

NOTE A - BUDGETARY ACCOUNTING

Budget: The General Fund budget is prepared on the modified accrual basis of accounting, except that the DDA does not budget capital leases as other financing sources and the corresponding asset as a capital outlay. The DDA Board of Directors must approve changes or amendments to the total budgeted expenditures of the DDA. In order to make the most effective use of the budgetary process, it is the policy of the DDA to make as few budget adjustments as possible. Expenditures may not legally exceed budgeted appropriations for the DDA in total.

During the year, the Board of Directors passed resolutions that increased the total budgeted revenues and expenditures by \$1,298,331. The DDA has complied with the Florida Statute requirement that budgets be in balance.

Encumbrances: Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriations, is employed as an extension of formal budgetary control in the General Fund. Encumbrances outstanding at year end, if any, are reported as an assignment of fund balance for subsequent year expenditures. For budgetary purposes, current year encumbrances are treated as expenditures and any unencumbered balances lapse at year end. There were no encumbrances outstanding at September 30, 2021 and 2020.

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY
 Required Supplementary Information (RSI)
 Schedule of Changes in Total Other Postemployment Benefits (OPEB) Liability
 Last Ten Fiscal Years

	2018	2019	2020	2021

Total OPEB liability, end of year	<u>\$ 21,533</u>	<u>\$ 25,284</u>	<u>\$ 34,926</u>	<u>\$ 31,079</u>
Covered-employee payroll	\$ 632,904	\$ 605,198	\$ 647,982	\$ 661,049
Total OPEB liability as a percentage of of covered-employee payroll	3.40%	4.18%	5.39%	4.70%

Changes in Assumptions

The discount rate changed as follows:

September 30, 2018 measurement date	3.64%
September 30, 2019 measurement date	3.58%
September 30, 2020 measurement date	2.14%
September 30, 2021 measurement date	2.43%

The monthly implied subsidy at age 62 increased from \$580.50 for 2018 to \$675.00 for 2019 and 2020 and the mortality basis was changed from the RP-2000 Mortality Table with generational improvements using Scale BB for 2018 to the PUB-2010 Mortality Table with generational improvements using Scale MP-2017 for 2019 and 2020. The monthly implied subsidy at age 62 decreased from \$675 for 2019 and 2020 to \$525.00 for 2021 and the mortality basis was changed from the PUB-2010 Mortality Table with generational improvements using Scale MP-2017 for 2019 and 2020 to the PUB-2010 Mortality Table with generational improvements using Scale MP-2020 for 2021.

This schedule is intended to show information for 10 years. However, until a full 10-year trend is compiled, information will be presented for those years for which information is available. No assets are accumulated in a trust that meets the criteria in GASB Statement No. 75, paragraph 4, to pay related benefits.

OTHER INFORMATION

WEST PALM BEACH DOWNTOWN DEVELOPMENT AUTHORITY
 Other Information - Information Required by Section 218.39(3)(c), Florida Statutes
 For the Fiscal Year Ended September 30, 2021
 Unaudited

As required by Section 218.39(3)(c), Florida Statutes, the DDA reported:

Required Information	Reported
The total number of DDA employees compensated in the last pay period of the DDA's fiscal year 2021:	8
The total number of independent contractors to whom nonemployee compensation was paid in the last month of the DDA's fiscal year 2021:	Not Applicable
All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency for fiscal year 2021:	\$ 678,304
All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency for fiscal year 2021:	Not Applicable
Each construction project with a total cost of at least \$65,000 approved by the DDA that was scheduled to begin on or after October 1 of the fiscal year 2021, together with the total expenditures for such project:	Not Applicable
A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year 2021 being reported if the DDA amends a final adopted budget under Section 189.016(6), Florida Statutes:	See Pages 27-28
The millage rate or rates imposed by the DDA for fiscal year 2021:	1 mill
The total amount of ad valorem taxes collected by or on behalf of the DDA for fiscal year 2021:	\$ 2,305,741
The total amount of outstanding bonds issued by the DDA and the terms of such bonds:	Not Applicable

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

BELLE GLADE OFFICE
333 S.E. 2nd STREET
POST OFFICE BOX 338
BELLE GLADE, FLORIDA 33430-0338
TELEPHONE (561) 996-5612
FAX (561) 996-6248

To the Board of Directors
West Palm Beach Downtown Development Authority
West Palm Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the West Palm Beach Downtown Development Authority, as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the West Palm Beach Downtown Development Authority's basic financial statements and have issued our report thereon dated May 6, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the West Palm Beach Downtown Development Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the West Palm Beach Downtown Development Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the West Palm Beach Downtown Development Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the West Palm Beach Downtown Development Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on the Financial Statements

We have audited the financial statements of the West Palm Beach Downtown Development Authority, as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated May 6, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated May 6, 2022, should be considered in conjunction with this Management Letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report.

The following finding was included in the audit report for the prior two years and it continues to apply.

Finding 2019-003 Non-Interest Bearing Bank Account – At September 30, 2021, the West Palm Beach Downtown Development Authority had approximately \$4.3 million in a non-interest bearing checking account. We recommend that the West Palm Beach Downtown Development Authority consider alternative financial products that will provide interest on this significant amount of funds.

Corrective actions have been taken to address the following finding and recommendations made in the preceding financial report, and it no longer applies.

Finding 2020-001 Backdating Checks

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this Management Letter, unless disclosed in the notes to the financial statements. This information was disclosed in Note A to the financial statements. There were no component units included in the West Palm Beach Downtown Development Authority's financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the West Palm Beach Downtown Development Authority met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the West Palm Beach Downtown Development Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the West Palm Beach Downtown Development Authority. It is management's responsibility to monitor the West Palm Beach Downtown Development Authority's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. Our assessment was done as of the fiscal year end. The results of our procedures did not disclose any matters that are required to be reported.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c, Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the West Palm Beach Downtown Development Authority reported the required information in the other information section on page 31.

Single Audits

The West Palm Beach Downtown Development Authority expended less than \$750,000 of federal awards and less than \$750,000 of state financial assistance for the fiscal year ended September 30, 2021, and was not required to have a federal single audit or a state single audit.

West Palm Beach Downtown Development Authority's Response to Findings

Management's written response to comment 2019-003, included in the Response to Management Letter, have not been subjected to the audit procedures applied in the audit of the financial statements and accordingly, we express no opinion on it.

Purpose of this Letter

Our Management Letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

RE: Management Response to Auditor's Finding and Recommendations Noted During the FY 2021 Audit

We are providing this letter in response to the findings and recommendations noted during the audit of the financial statements of the West Palm Beach Downtown Development Authority as of and for the year ended September 30, 2021. These recommendations were immediately considered upon receiving this report, with the following action taken:

- **(2019-003) Non-Interest Bearing Bank Account**

The DDA has considered changes to our banking arrangement that would allow us to earn interest on the funds we have in our checking account. During 2021, we were not able to identify an alternative financial product that would achieve the goal of earning interest without imposing restrictions or fees on our account. However, as of the date of the Auditor's Findings and Recommendations, the DDA is now earning interest on the majority of its funds through an investment agreement with PNC Bank.

If you have any questions regarding this information, please feel free to contact me directly at 561-833-8873 or via email at rclemente@downtownwpb.com.

Warmest regards,

Raphael Clemente
Executive Director

To the Board of Directors
West Palm Beach Downtown Development Authority
West Palm Beach, Florida

We have examined the West Palm Beach Downtown Development Authority's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2021. Management of the West Palm Beach Downtown Development Authority is responsible for the West Palm Beach Downtown Development Authority's compliance with the specified requirements. Our responsibility is to express an opinion on the West Palm Beach Downtown Development Authority's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the West Palm Beach Downtown Development Authority complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the West Palm Beach Downtown Development Authority complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risk of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the West Palm Beach Downtown Development Authority's compliance with the specified requirements.

In our opinion, the West Palm Beach Downtown Development Authority complied, in all material respects, with Section 218.415, Florida Statutes for the year ended September 30, 2021.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, applicable management, and the Board of Directors, and is not intended to be and should not be used by anyone other than these specified parties.
